

Whitby Water Supply Plant Expansion EA Addendum

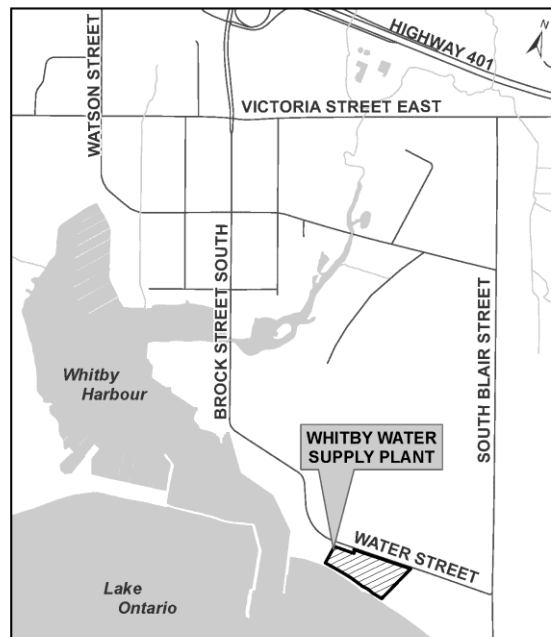

Notice of Completion

Works Department

January 10, 2018

Public Notice

In 2005, the Regional Municipality of Durham (the Region) completed a Municipal Class Environmental Assessment (Class EA) study that recommended an expansion of the Whitby Water Supply Plant (WSP). The study evaluated on-site and off-site WSP expansion options and concluded that the preferred solution was to expand the Whitby WSP on the north side of Water Street. As a result of lower water demands and construction issues on the north side of Water Street, the Region has completed an Addendum to the Whitby WSP Municipal Class EA which proposes expanding the existing WSP (see map) within the existing property limits.

The EA Addendum considers what has changed in terms of water supply and servicing requirements, land uses, environmental protection requirements and presents an updated project description.

Addendum Report Review

This Notice places the Class EA Addendum Report on the public record for review and comment. The report is available for public review for thirty (30) calendar days from January 10, 2018 to February 8, 2018 at the following locations, during regular business hours at each location.

Part II Order Requests

If concerns regarding the Project remain unresolved after consulting with Region staff, a person can request that the Project be subject to a Part II Order (elevated to an Individual EA) by the Minister of the Environment and Climate Change. Part II Order requests must be written and received by the Minister and the Director, Environmental Approvals Branch of the Ministry of Environment and

Climate Change at the following addresses within the 30-day review period from January 10, 2018 to February 8, 2018. A copy of the Part II Order request must also be provided to the Regional contact.

Minister of the Environment and Climate Change

Ministry of the Environment,
77 Wellesley Street West, Ferguson Block,
11th Floor,
Toronto, ON M7A 2T5

Ministry of the Environment and Climate Change

Director, Environmental Approvals Branch
135 St. Clair Ave. W., 1st Floor
Toronto, ON M4V 1P5

If no Part II Order requests are received, the proposed works will proceed to construction as outlined in the Addendum.

Interested persons may provide written comments to the Region's representative listed below within the review period.
