

Town of Ajax

Ajax Water Supply Plant

Notification of Planned Maintenance

Works Department

May 14, 2025

Public Notice

The Regional Municipality of Durham Works Department will be completing planned maintenance activities on the south side of the Ajax Water Supply Plant (WSP) near the Waterfront Trail (75 Lake Driveway East).

Schedule

These activities will occur on Tuesday, June 3, and alternatively, Tuesday, June 10 if unfavourable weather conditions influence the work schedule.

Closures and restrictions

For safety of the public and workers, the maintenance work area will temporarily close off a section of the Waterfront Trail (map below). Onsite signage will outline the work area and the temporary trail re-routing for trail users. Trail users will be directed around the work area via the paved trail roads that connect to Lake Driveway on both the east and west sides of the work area.

The Region recognizes that the construction work will be disruptive and will make every effort to complete the work as quickly and efficiently as possible.

The work is being completed as part of regular maintenance and will help provide information for the Ajax WSP Expansion project. Further information and future updates will be posted on durham.ca/AjaxWSPproject.

Should you have any questions or comments, please contact the staff member listed below from The Regional Municipality of Durham, Works Department:

Hammad Khan, P.Eng.
Project Engineer
